

# Need Help Putting Together the Pieces of your PPM Solution?

**Introducing CA Clarity Expert  
Annitek,  
Your Partner in Bringing Clarity to Your PPM  
Solution**

- CA Clarity (formerly Niku) Specialists for 7+ years
  - Based in Princeton, NJ, working with Customers across North America and globally.
  - Annitek Consultants are certified Clarity Functional and/or Clarity Technical, all with a minimum of three years of expertise and experience with several implementations.
  - Annitek provides leadership & support with Clarity assessments, implementations, upgrades, added functionality, training, mentoring, & Clarity staff augmentation.
-

## Why Annitek?

---

- Functional expertise means a valuable and relevant business solution is delivered, not just a technology solution.
- Previous implementation experience helps to highlight and resolve challenges arising on your project more effectively.
- Your success directly correlates to Annitek's success. Each Annitek Consultant assigned is committed to your goals.
- Highly skilled consultants with proven track records mean your project will be in safe hands.

## CA Partners

---

- As CA Channel Partners (Enterprise Solutions Provider), Annitek is authorized to resell CA Clarity, assist our customers with assessments, implementations, and upgrades.
- As CA Education Partners, Annitek is authorized to resell CA Clarity education, and deliver CA authorized courseware with CA-certified Clarity Trainers.

## Annitek's Clarity PPM Services
